

#### I already know:

- ★ There are 7 continents in the world
- ★ Europe is one of the 7 continents
- ★ Maps are used to help us locate places

#### Vocabulary

**Continent:** a huge piece of land surrounded by water.

**Country:** a big piece of land with its own government and borders that separate it from other places

**Human Features:** features that have been created or modified by people

**Physical Features:** features that are natural such as rivers

**Landmarks:** a distinctive object or place that is recognisable in a place

**Climate:** the long term weather conditions of a place

#### Locations and Places

##### Europe

##### UK

##### Belarus

##### Albania

##### Italy

#### Human Geography

##### Neuschwanstein Castle

#### Physical Geography

##### Alps

#### Geographical Skills

- ◆ Locational knowledge
- ◆ Place knowledge
- ◆ Mapping skills
- ◆ Comparison- human and physical geography/places
- ◆ Language and cultural understanding
- ◆ Fieldwork and enquiry skills

#### Concepts

- ☐ Space and place
- ☐ Scale and connection
- ☐ Proximity and distance
- ☐ Location and direction
- ☐ Similarity and difference
